

Join us for the

SOUTHERN VILLAGE CENTER CHARRETTE

WHO

Developers of the Village Center; those who live, work and own a business in the Village Center; folks from Christ Church and Scroggs Elementary; all interested neighbors; planners; designers; town officials...and any citizen who wants to attend.

WHAT

A design workshop that will focus on the parking lot in the Village Center. To complete the Village Center, should we design a building for that space? If so, what should be the building's uses? And what should be its mass, height and configuration?

WHEN

Saturday, June 9th, 8:30 a.m. to 12:30 p.m.

WHERE

Ascension Hall in Christ United Methodist Church
800 Market Street

WHY

People working together can plan a space that is in harmony with the existing built environment. The creators of the Village Center in Southern Village want to make it an even better space for people to work, play, dine and shop.

HOW

Start with a background presentation by the Durham Area Designers. Break into working groups of 8-10 people to plan this space. Review all the sketches and ideas at the end of the charrette.

the SCHEDULE

- 8:30 Register, mingle and enjoy coffee
- 9:00 Vision for Southern Village and history of its development
- 9:15 Presentations by Durham Area Designers:
Design parameters; inspirational slides; how building forms create spaces
- 9:45 Break into table groups for firecracker brainstorming
- 10:05 Table groups report ideas; facilitator leads discussion
- 10:25 Table groups put ideas on paper
- 11:50 Pin up drawings
- 12:00 Presentation and discussion of drawings
- 12:30 Adjourn

RSVP by June 7 to info@bryan-properties.com

This invitation, as well as the details about the follow-up presentation, will be available on www.southernvillage.com
