

# Welcome Southern Village Neighbors

to

## **SOLAR TECH SOUTH**

We are excited to provide you with information about renewable energy  
& why solar energy makes sense for your family!

Come visit your neighborhood solar store during a special Open House  
exclusively for the Southern Village community.

Date: Thursday, March 12, 2009

Time: 6:30 pm - 8:00 pm

Place: Across the street from the entrance to Southern Village on 15-501

Meet members of our team who will be working with you to design and install  
your system.

Take a tour of our showroom and see the technology first-hand.

We will explain the basics of solar energy  
and how State and Federal incentives work to pay 65% of your system cost.  
You can save money and be environmentally responsible.

Solar Tech South may be the new kid in town, but we have partnered with  
Schüco, a global leader in solar technology.

We have the full support of Schüco engineers and our installers are factory  
certified.

Schüco provides high quality, German engineered, fully integrated systems that  
carry some of the best warranties in the business.

If you cannot make it to the Open House, feel free to visit our showroom  
anytime. We would love to show you around.

We are open to the public Monday through Saturday 10AM to 6PM.
