

Cindy James

For over a decade, I have been employed by SGS Analytical Perspectives. Currently, I am working in the company's Quality Assurance Department. Since May 2011, along with my 3-year old daughter, I am a permanent resident of Southern Village.

Today, I am serving on the SV Townhome Committee; I am the representative for the WestEnd Townhomes, and on the SV Townhome Landscaping Subcommittee. In such capacity, I worked very closely with the Berkley Property Management and CertaPro, troubleshooting issues throughout the recent painting project. During that project, I ensured that the needed repairs were carried out with quality materials, and unequivocally communicated our expectations for quality. In addition, I am the Vice Chair of the Parent Board of my daughter's preschool and manage the Scholastic Book Club program.

I grew up in Chapel Hill. I love the Southern Village community and am very proud to say that I live here. This is the right place to raise my daughter. As my profession calls for, I am a very detail oriented person with great organizational skills. It is worth mentioning that I am readily available to help out—in person—and address any concerns people might have, if needed, since I work full time from home.

Thank you for your consideration.
